11. Next, you may see a disappointing screen that says you are not registered for any workshops. Don't worry, see the FAQ- Click on **"My dashboard"** and it will likely be there. See the next image.

## FAQ

### Why don't I see any Workshops?

Our workshops are free for Members, but you need to register in advance. You can enroll in a Workshop here: <https://farmcommons.org/workshops/>

### How can I check to make sure I am signed up for a Workshop?

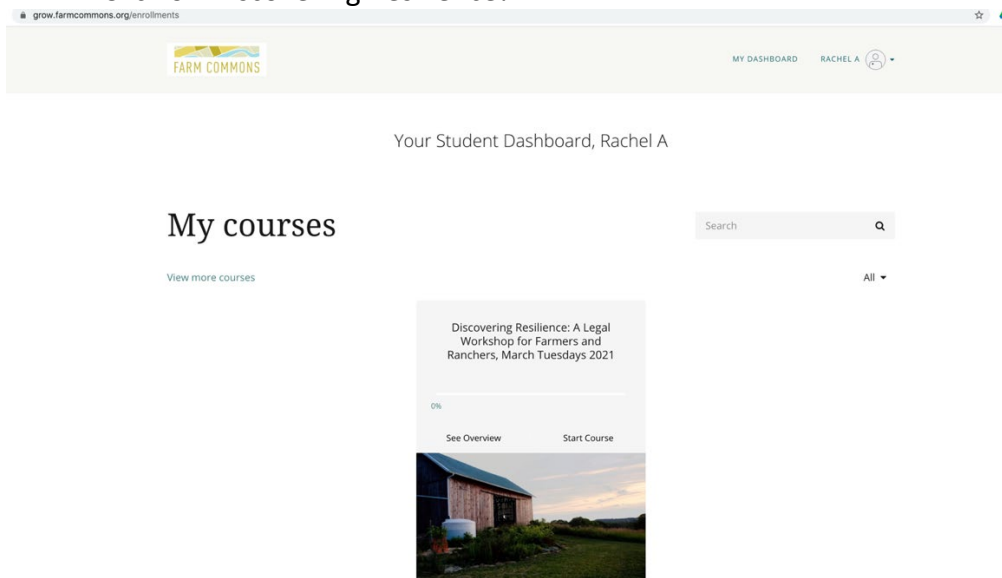

Check the "My Workshops" tab in "My Account" to see which workshops you are enrolled in. <https://farmcommons.org/my-account/my-workshops/>

### I can see I am registered for a Workshop in "My Account", but I don't see the course here.

It can take up to 30 minutes for your Workshop to appear on your Student Dashboard after completing the sign up form. If you do not see any Workshops listed here, you may have been added to a waiting list or not completed the transaction. Try signing up for the Workshop again or contact a site administrator for help.

### My Workshops disappeared!

## 12. Click on Discovering Resilience!

13. When you see this, you know you're there! Go through all of the **Workshop Overview** module and check out **Week 1** content ideally before your first meeting on Tuesday April 6<sup>th</sup>, 2021.

Now, that gets you into the workshop. But, what about next time you return to our website? You'll need to log in again. How do you do that?

14. Login by clicking the "**log in**" button at the top right of the home page.
  15. You'll need your username and password. Both were automatically generated for you and were sent to the email address you signed up under. Check your email- the sender is Farm Commons and the subject line is "Your Farm Commons account has been created!" It may have gone to a junk mail folder.
  16. Use that password to log in. Then, consider changing your password by going to My Account. That's the page to which you are automatically directed, or point your URL to [farmcommons.org/my-account/](http://farmcommons.org/my-account/) Please note that you can also change your user name, but your user name may not be your email address.
  17. To access the workshop platform, click **Workshop Portal** at the top and you should see the **Discovering Resilience** workshop appear.
